### **Geert Wilders**

Extract from Speech during the parliamentary debate about the military mission to fight ISIS in Iraq

Madam Speaker,

The Islamic State is an Islamic cancer. It is a poisonous snake based on the Quran and the life of Muhammad, a criminal who 14 centuries ago went, murdering and decapitating, from Medina to Mecca. His self-appointed successor Caliph Baghdadi is now at the gates of Baghdad and Damascus. He has followers all over the world, including in our country, our cities and streets.

Again, people are beheaded according to the Koranic commands such as Sura 47 verse 4: "When ye meet the unbelievers, smite at their necks and when ye have caused a bloodbath among them bind a bond firmly on them." Even moderate Muslims cannot escape violence because, according to the Koran and the Sharia, they are apostates.

All the gullible minds who say that the Islamic State has nothing to do with Islam are committing a serious politically-correct error, whether they are Obama, Cameron, Rutte or Samsom.

We are at war. War has been declared against the free West. Our freedom, our culture, the future of our country and our children are at stake. We must strike back hard, in the Netherlands, in the rest of the West and also in Iraq and Syria. Hence, my party supports the Government's decision to deploy Dutch F16s against the Islamic state. We say: Let us bomb them.

### **Stop Denying the Obvious: Islam is a Problem**

Geert Wilders Friday, 26 September 2014 15:27

To defeat IS we should do more than just bomb its strongholds in the Middle East; we should no longer turn a blind eye to the violent nature of Islam. We should demand that those who settle in our countries cast aside values incompatible with ours. There is a huge problem -- also in our countries - cause by the violent exhortations of Islam. Only when we face this truth will we be able to win this war we are in.

Although the majority of Muslims are moderate, thousands of innocent civilians all over the West have fallen victim to terrorists inspired by Islam. IS has announced that every citizen of the West is a target.

### **The Dutch war on Islam**

ARYEH ELDAD

Geert Wilders founded his own political faction – Freedom Party (PVV). The party's main platform is the struggle against the Islamization of Holland.

Geert Wilders loves us. Sometimes it's actually a little embarrassing when people express such unconditional love for the State of Israel. Wilders was born and raised Catholic. He visited Israel for the 40th time right in the middle of Operation Protective Edge. Just for a visit.

Wilders began his political career as a speechwriter, but it wasn't long before his name made it onto the VVD party list, and before he knew it he was a member of the Netherlands House of Representatives.

One of his colleagues in parliament was Ayaan Hirsi Ali, a Somali-born former Muslim activist who published books that expose Islam's oppressive attitude toward women.

Hirsi Ali's most famous book, *Infidel*, won her international fame, as well as a number of fatwas (death decrees) issued by Islamist groups. Hirsi Ali wrote the script for a movie called *Submission*, directed by Theo van Gogh, which criticized the treatment of women in Islamic society. It turned out to be the last movie that van Gogh ever made, because Muhammad Bouyeri shot him twice and stabbed him seven times on an Amsterdam street, and then pinned a letter with verses from the Koran to van Gogh's body with a small knife. Bouyeri also carved out two names on the body: Ayaan Hirsi Ali and Geert Wilders. A couple days later, two assassins were caught with grenades on their way to kill the two politicians. Hirsi Ali was quickly whisked out of Holland and Wilders became the most heavily guarded politician in all of the Netherlands.
